# Green Investor Day

The aim of the Green Investor Day is to facilitate the matching between demand and supply of capital in the green world through 2 roundtables during the day. In the first session financial institutions, bankers and investors have the opportunity to meet Top Management of green listed and private companies, which show business model and strategies; in the second one, International Investors discuss about significant issues such as future development, M&A trends and new emerging markets.

VedoGreen is the IR Top brand created in order to assist green companies to position themselves in the reference market, obtain capital for growth and communicate their value to stakeholders. The sector will be monitored at international level, creating visibility and awareness around the brand, fostering dialogue with the banking system or the entry of institutional investors and the preparation of the companies for listing on the Stock Exchange.

[www.intermonte.it](http://www.intermonte.it)

Intermonte SIM is the leading broker on the Italian equity market, working with domestic and foreign institutional investors. Intermonte's equity research activity is among the most well respected on the Italian market and is always placed in the leading positions in international rankings. The company is especially active in IPO operations, as global coordinator, sponsor, specialist and Nomad on the Italian AIM. Intermonte also operates as a consultant for extraordinary financing operations and company valuations.

[www.websim.it](http://www.websim.it)

Founded by a group of journalists and analysts, Websim offers a permanent window on financial markets. Every day it provides its customers with information and consultancy, allowing them to navigate stock markets through traditional share transactions as well as more advanced instruments such as ETFs, ETCs, futures and also government bonds. Websim is the retail division of Intermonte SIM, the leading Italian broker for institutional investors. Websim's mission is to provide retail investors with the same information and analysis that inform the choices made by institutional investors. Websim operates through the Internet site [www.websim.it](http://www.websim.it).

IR Top is the leader in Italy in specialised Investor Relations consultancy. The company has worked since 2001 alongside listed and going public companies in establishing and managing relations with the stock market and for financial communication. Companies are supported in the correct and effective communication of their corporate values to current or potential investors, in order to improve the value of the share on the Stock Exchange and the quality of the shareholding structure. IR Top, in addition, assists non-listed companies in the implementation of financial reporting and corporate disclosure strategies, in order to improve dialogue with the Banks or to attract institutional investors.

Borsa Italiana is one of Europe's largest and most established stock exchanges with about 330 companies listed across its markets. The Italian Exchange operates markets trading in Italian equities, bonds and derivatives. Markets include the MIV and STAR segments as well as IDEM, MOT, ETFPlus and AIM Italia – Mercato Alternativo del Capitale for small cap companies. Since October 2007 Borsa Italiana has been part of the international diversified exchange business, London Stock Exchange Group.

[www.aifi.it](http://www.aifi.it)

AIFI (Italian Private Equity and Venture Capital Association) was created in May 1986, in order to promote, develop and represent institutionally the venture capital and private equity activity in Italy. The Association is an organization composed of different entities which, throughout direct investment of their own funds or through the management and advisory of independent funds (closed-end funds) are private equity and venture capital investors with the objective of purchasing, managing and divesting in unquoted companies.
